19 June 1956

27 JUN 1956

ATTENDANCE:

25X1

--

1. Merger of OTR Basic and Intelligence Schools

As of 15 June, the Office of Training Basic and Intelligence Schools were combined into one school, the Intelligence School. The Chief of the new Intelligence School is [REDACTED]. The headquarters for this school is in the R&S Building.

25X1

[REDACTED] said that the new Intelligence School will continue to offer those courses which have proved most useful and valuable to the DD/I. In addition, by merging the two schools, it was pointed out the new school has achieved added instructor capability to offer a wider variety of courses and also more specialized courses for the benefit of the DD/I.

25X1

Although plans for the new school are still tentative, [REDACTED] said that [REDACTED] may be contacted for information on courses which pertain to the support side of the program and [REDACTED] will act, for the present time, as chief instructor for the intelligence training courses.

2. School of International Communism and the USSR

25X1

The Office of Training has established a School of International Communism and the USSR (SIC/TR) for the purpose of developing, conducting and supporting training programs for Agency personnel at headquarters and

overseas and for selected non-Agency personnel in (1) the history, doctrines, organization, objectives, activities and capabilities of international communism, (2) the techniques of anti-communist operations, and (3) area studies of the USSR not conducted in the Russian language.

Mr. Harry Rositzke is Chief of the School of International Communism and the USSR. The School is located in Alcott Hall.

25X1 [] said that there will be some changes in the course schedules which were sent recently to the TLO's. The Office of Training will notify the TLO's through the OTR Bulletin of new course dates scheduled for the CWC and other courses to be offered by SEC/TR.

25X1 [] TLO/CEI, requested that the prerequisites to the CWC be amplified or cancelled for those students of some tenure in the Agency who have not taken the EOC. [] added that it was difficult to get the supervisor's permission for a student to be away from his desk for the additional two weeks' phase of the EOC to fulfill the prerequisite for the CWC. [] said that this matter would be considered in the revision of the communism instruction.

3. Training Reports for the Five Percent Quota

25X1 [] reported that the recommendations in the recent staff study for the EOC concerning the "5% training policy" were approved by the ECI. An Agency regulation to implement the recommendations has been drafted for coordination. Its principal points are:

- 1) paragraph 3 of Agency [] is rescinded,
- 2) "on the job" training is defined for the purpose of the regulation, and
- 3) a reporting system is developed.

25X1 4. [] TLO/OFI, suggested that notices on area and familiarization courses also include the course of study. He also inquired about including this type of information in the OTR Bulletin.

25X1 [] inquired about including information in the OTR Bulletin of courses held especially for or restricted to enrollments of Junior Officer Trainees.

25X1 [] said that this information will be included in future issues of the OTR Bulletin.

It was also announced that the OTR Semi-Annual Report on Area, Language and External Training will be issued in July.
